# How to find us in Neukirch

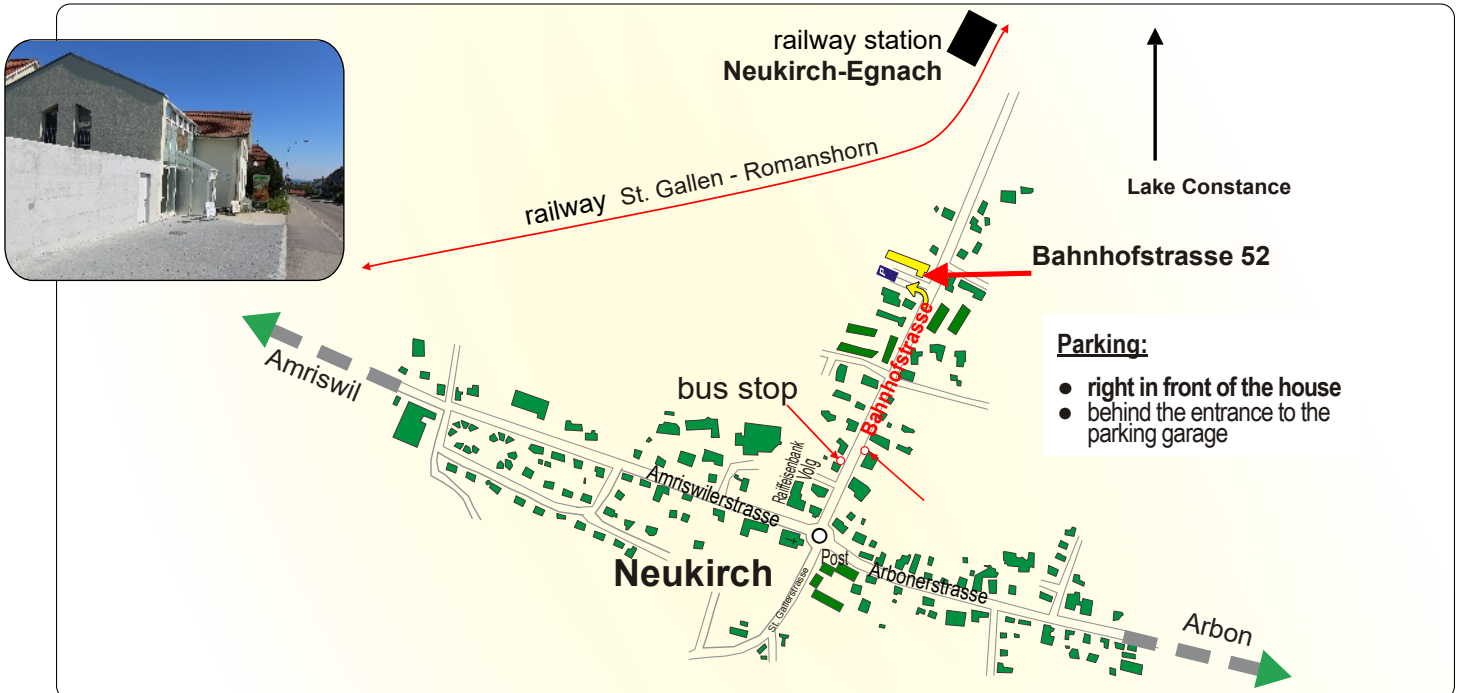

## By car

In the center of Neukirch, leave the traffic circle in the direction of Lake Constance (Romanshorn). You are now driving on Bahnhofstrasse. After about 600 meters, you will see our company sign on the left side of the road.

You will recognize our business house by the large Vegusto advertising board. A distinctive mark of our house is the glass part with the main entrance, which is attached to the front. Inside you will find our direct sales outlet.

Outside parking spaces for short-term parking are located directly in front of the house.

If you are visiting us for a longer time, please use the parking lots behind the entrance to the underground car parking.

## By public transport

From Zurich, the fastest and cheapest connection is to take the train to Amriswil and from there the bus to Neukirch Dorf. From the Neukirch Dorf bus stop, walk about 600 meters down Bahnhofstrasse (in the direction of Lake Constance) to reach us.

The train station Neukirch-Egnach is located on the railroad line Romanshorn - St. Gallen. From the station Neukirch-Egnach follow the slightly ascending Bahnhofstrasse in the direction of Neukirch.

Note: Please do not get off at the station Egnach. From this station the walk is about one kilometer longer.
